Onondaga, Cortland, Madison (OCM) BOCES

110 Elwood Davis Dr.

Liverpool, NY 13088

**COSTS: Only \$100 per attendee to cover
food and materials**

Register here

Join us in examining how intellectually demanding career pathways can get more students to graduate college ready, career ready or both. Key topics will include: Why Focus on Career Pathways to Improve Schools, National Models for Career Pathways, Fast Track Alternative Certification for CTE Teachers, Career Pathways and the Special Needs Student, PTech and other models to blend secondary, postsecondary and workplace learning, and Expanding Partnerships. In addition, New York teachers and leaders will share how career pathways are making a difference in their schools.
